

Increase opportunity. Improve skill.

Styled to replicate arena models, the Cross-Ice Goals are made with smaller ice play in mind, but built to withstand an adults' slap shot. Every goal features a top shelf, center support bar, radius curved base, arena netting and skirting. Constructed out of 100% galvanized steel, the goal frames have a .065 thick wall, with 1 3/8" posts and crossbar.

Cross-Ice Goals come with white netting:

- Knotless Nylon
- 1 1/2" mesh
- 1/4" - 6 mm thick UV treated

Truly portable, with locking steel sleeves and "Quick Cable" system allowing the goals to be stored six inches high in just seconds.

Available sizes:

- Mini: 36" x 24"
- Junior: 48" x 36"
