

RETRACTABLE NETTING SYSTEMS

**Easy to operate.
Maximum protection.**

Retractable Netting Systems

Retractable system utilizing a motorized winch for safety netting. The Kevlar nets retract using a bridle system and series of cables.

- Netting hardware package to include beam clamps, aircraft cables and misc. hardware required for a complete installation.
- Netting to be suspended on rolled aluminum tubes at top which are suspended from the ceiling.
- Bottom of netting to be attached to dead hang bar and shielding.
- 2 heavy-duty electric lifting winches to meet all requirements and ATSM/OSHA standard codes.
- Motors are equipped with remote controls for raising and lowering netting system.
- All electrical connections, wiring, power to controls, etc. to be supplied and installed by others.
